Moama Riverside Holiday Park - Electricity Tariffs (Residents & Annual Holiday Sites Only)

Electricity Tariffs and Charges

We supply electricity to residents and annual holiday sites through an embedded network. This page outlines our current tariffs and how they compare to the local area retailer's standing offer.

Current Tariffs (Effective from 25/09/2026)

Charge Type	Our Tariff
Daily supply charge	$1.55 per day
Usage charge	$0.24 per kWh

Comparison to Local Retailer

The table below compares our tariffs with the standing offer from the local area retailer in our network.

Charge Type	Our Tariff	DMO Tariff Caps	% Difference
Daily supply	$1.55	$2.50	-38.11%
Usage	$0.24	$0.32	-25.47%

The percentage difference shows how our tariffs compare to the standard retail offer in your area.

How the Comparison Is Calculated

- The comparison is based on the **standing offer** from the local retailer.
- Data is sourced from **the Australian Energy Regulator's default market offer (DMO)**.

- The local retailer in our case is Origin Energy (Essential Energy area)

Important Information About Tariffs

- We will provide **at least 5 business days' notice** before any tariff changes take effect
- Updated tariffs will be published on this page or displayed in a common area accessible to residents
